

ProCut

Size 1Kg
Code: PCG20-1

ProXL Generation20 Procut is a single-stage, high-performance cutting compound that has been specifically developed for the refinisher and detailer, removing severe paint defects in seconds and resulting in a high gloss finish.

- Polishes P1200-1500
- Extremely fast cut
- Single-stage compound and polish
- High-gloss
- Long working time with very low dust
- Zero fillers

Physical Properties

Physical state:	Paste	Ignition temperature in °C:	>200
Colour:	Light/transparent when used	VOC content:	Zero (0.0g/l)
Odour:	Odourless	Shelf life:	2 years
Flashpoint:	130°C	Storage temp:	15°C - 25°C

ProFinish

Size 1Kg
Code: PFG20-1

ProXL Generation20 ProFinish guarantees a perfect gloss finish on all colours, including difficult dark colours. This unique polish formulation is based on a microfine, high purity aluminium oxide powder that quickly and easily eliminates any swirl marks, holograms or light scratches from the final coating.

- Excellent for dark colours
- Extremely high gloss
- Hologram free finish
- Zero fillers

Physical Properties

Physical state:	Liquid	Ignition temperature in °C:	>200
Colour:	Light/transparent when used	VOC content:	135 g/l
Odour:	Characteristic	Shelf life:	2 years
Flashpoint:	61°C	Storage temp:	15°C - 25°C

Hard Compound Pad

Pack of 2
Code: HPG20-150/2

ProXL Generation20 Hard Compound Pad has been specially developed in conjunction with Procut Extreme Cut Compound.

- 3D crosscut technology
- Enhanced cutting performance
- Intelligent heat regulation

Open-cell foam
Size: 140mm

Medium Polish Pad

Pack of 2
Code: MPG20-150/2

ProXL Generation20 Medium Polish Pad as been specially developed in conjunction with both Procut Extreme Cut Compound and the Generation20 ProFinish Polish.

- Suitable for both compound and polishing
- Recommended pad for the ProFinish Polish
- Central hole to reduce heat

Open-cell foam
Size: 140mm

<p>Application</p>	<p>EXTREME CUT Single-stage compound and polish to easily remove P1200-P1500 flattening marks resulting in a high-gloss finish</p>	<p>MEDIUM CUT Single-stage compound to quickly remove scratches and marks from new and old paintwork resulting in a high-gloss finish</p>	<p>FINAL POLISH Final finish polish to be used in conjunction with the previous two applications for a superior high-gloss and hologram free finish, especially for dark colours</p>
